And remember, the best way to get donations is to speak from your heart – let your supporters know how much ARF’s mission means to you. Share photos of your pets or stories of your volunteer experiences at ARF. Give them a reason to want to donate.

Subject: I’m raising money to save homeless animals – will you help me?

As you probably know, I’m an active volunteer for Berea ARF. It’s a wonderful organization that rescues homeless and neglected animals and places them into loving, adoptive homes. Last year we saved nearly 1,400 dogs and cats!

I’m part of a fundraising campaign to help raise money to support our non-profit shelter, and I’m hoping you can help me by making a donation to my Fundraising Page. ARF does not receive any government funding – we rely on adoption fees and fundraising to support our lifesaving mission.

I’m helping to raise money for an organization I’m passionate about – Berea ARF. We rescued nearly 1,400 homeless and neglected dogs and cats last year and found them loving, forever homes.

I’m asking you to consider supporting our new fundraising campaign, Paws for a Cause. I have my own personal Fundraising Page – here’s the link to it (Insert your link here). It’s taking place throughout the month of “Pawgust” and all the money collected goes directly toward the care of our animals.

Thanks for checking out my Fundraising Page and for your support of ARF’s animals!

 ARF has a small staff, but we're operated largely through our devoted team of more than 300 volunteers, who work 365 days a year to care for our animals.
 Prior to adoption, all animals are provided with veterinary examinations, age-appropriate vaccinations, spay/neuter procedures, are tested for disease and microchipped. Berea ARF places about 1,300 companion animals into their forever homes each year.

Berea ARF is a no-time-limit facility - we don't limit the length of stay for animals in our care, and we're dedicated to finding them appropriate, loving homes for as long as it may take.
 In addition to strays and owner surrenders, ARF also stretches our capacity by reaching out to overcrowded shelters in other parts of the state to accept their animals at risk of being euthanized.
