

Spay/ Neuter Clinic Sponsorship Opportunities

Help us create a healthier, happier community for pets and the people who love them.

Our new in-house Spay/Neuter Clinic will shorten animal stays, alleviate budget, reduce need for animal transport, and prevent thousands of unwanted litters. *Your investment in this lifesaving project will leave a lasting legacy of compassion and community care.*

Our goal is to fully fund the retrofitting, equipment, and first-year operations of the new, on-site Spay/Neuter Clinic - ensuring that every animal in our care has access to timely, high-quality veterinary services.

Naming Rights Opportunities
